

Thank you for your email of 4 October 2017 to the Ministry of Education requesting the following information relating to vandalism at Waitakere schools:

1. *The total value of vandalism grants and top up grants given to Waitakere schools in the past five years, including the current year to date (2012 - 2017 to date).*
2. *A list of Waitakere schools detailing how much each school is allocated for its vandalism grant and the value of any top-up required for both 2016 and 2017 to date.*
3. *Nationally, what was the value of vandalism grants and top-ups for schools in 2016 and 2017 to date.*
- *I've made this request for annual figures but if preferred you can provide financial year figures.*

Your request has been considered under the Official Information Act 1982.

We have two forms of grant available to support schools to repair damage from vandalism. The *vandalism grant* is available to each school as part of their operational funding. The grant is based on the average cost of vandalism repairs for their school in the past. If a school's vandalism costs are especially high and exceed their initial grant, the school can apply for a top up.

Schools applying for the *vandalism top up grant*, can accumulate invoices and submit one summary invoice to us which covers all claims for a period of time. The total of the claim is then recorded in our database. This means that a school may receive a top up grant for vandalism that occurred in the year prior.

We have released the requested information to you in full. This information is attached to the response as **Appendix A**. Information has been broken down into the following tables:

- Table 1.1.** – Vandalism grants for the Waitakere Ward, by calendar year

Please note, all payments are GST exclusive and are provided by calendar year. For the 2017 calendar year, payments until October 2017 (year to date) have been included.

State-integrated schools are former private schools that have become part of the state system. They differ from other state schools as a private entity, the 'proprietor', owns the school buildings and land. They receive some government funding to maintain and modernise the integrated school buildings but this funding does not include vandalism grants. The proprietor is required to insure the school against vandalism. These schools have been included in Table 2.1. and 2.2., as part of the Waitakere Ward, however, they have not received any funding.

You can find further information about schools' operational funding for vandalism grants and vandalism top up grants on our website at: <https://education.govt.nz/school/property/state-schools/funding/vandalism-funding/>.

Please note, the Ministry now proactively publishes OIA responses on our website at: <https://education.govt.nz/ministry-of-education/information-releases/responses-to-official-information-act-requests/>. We may publish this response on our website after five working days. Your name and contact details will be removed.

Thank you again for your email. If you have further questions please feel free to contact our media team in the first instance at media.team@education.govt.nz.

If you are unsatisfied with my response, you have the right to ask an Ombudsman to review it. You can do this by writing to info@ombudsman.parliament.nz or Office of the Ombudsman, PO Box 10152, Wellington 6143.

Yours sincerely
