

19 November 2019

Thank you for writing to the Ministry of Education on 15 October 2019, to request information about student assaults on school staff. On 23 October, you agreed to clarify your request as follows:

- the total number of school students who were stood down, suspended, excluded or expelled for physically assaulting school staff nationwide in the last five years.
  - Please break this down by region, year level and position of staff member if possible.

Your request has been considered under the Official Information Act 1982 (the Act).

All students and staff deserve to feel safe at school. We take any threats of violence seriously, and most schools have clear policies and procedures in place to manage this type of unacceptable behaviour.

The definition of physical assault on staff can represent both intentional and unintentional harm, for example, students being unable to manage their emotions. The severity of incidents can vary, for example throwing a ball at a teacher or kicking and biting them.

## Stand downs, suspensions, exclusions and expulsions

A stand-down is the removal of a student for a period of up to five days in a school term, where the decision is made by the Principal. A student may only be stood-down for a total of 10 school days in a year.

Stand-downs can offer an opportunity to reduce tension and reflect on the action which led to the stand-down. Used appropriately, a stand-down can be a positive mechanism for preventing escalation. However, its use should be part of a proactive approach and should be kept to a minimum due to the disruption to student's learning which is inherent in the mechanism.

A suspension is the formal removal of a student from a state or state-integrated school on a temporary basis until the school Board of Trustees (the Board) decides the final outcome at a meeting. The Board can then either:

- lift the suspension (with or without conditions),
- · extend the suspension, or
- exclude the student (if under 16) or expel the student (if aged 16 years or over).

Exclusions and expulsions are subsets of suspension where an enrolment is terminated. If the student is under 16 years old, the board may decide to exclude the student from the school, with the requirement that the student enrols elsewhere.

It is important to note that suspensions, exclusions and expulsions are not measures of student behaviour but measures of a school's reaction to such behaviours. What one school may choose to suspend for, another may not. The number of these events should not be used as a proxy measure for total student behaviour.

## Support for schools

We are always concerned when there is any escalation of stand-downs, suspensions or exclusions and we want to support schools to manage challenging student behaviour. Evidence shows that positive behaviour can be learned. Schools develop comprehensive, local approaches to promoting positive behaviour and wellbeing within their setting. Our Learning Support team supports these efforts and the development of whole-school capability with its programmes and guidance for schools. We also work with schools to find alternative options for any excluded learners.

Schools are required to develop comprehensive local approaches to promoting pro-social behaviour and wellbeing within their setting. We support these efforts, and the development of whole school capability, with programmes such as Positive Behaviour for Learning (PB4L).

Our Teaching for Positive Behaviour resource supports teachers to understand and use effective practices that enhance students' behaviour, engagement, participation, and learning. You can read about both of these resources in more detail at <a href="http://pb4l.tki.org.nz/PB4L-School-Wide">http://pb4l.tki.org.nz/PB4L-School-Wide</a>.

Our Learning Support professionals work specifically to support children and young people with higher levels of challenging behaviour. *Understanding Behaviour – Responding Safely* is a training workshop for behaviour management focusing on preventative and de-escalation techniques, developed for New Zealand schools. It is delivered by Learning Support professionals who can provide ongoing support to schools.

The school-based Resource Teacher: Learning and Behaviour (RTLB) service supports clusters of schools to develop whole school behaviour management strategies to help manage the additional learning needs of students and help enhance students' learning participation and wellbeing.

We also provide bullying prevention guidance for school Boards of Trustees, which you can find by searching the resources section at <a href="http://www.bullyingfree.co.nz">http://www.bullyingfree.co.nz</a>.

## Your request

Tables showing the number of stand downs, suspensions, exclusions and expulsions per year broken down by region and age group is attached to this letter as **Appendix A.** Please note, these numbers refer to the number of cases, not the number of students.

Data which schools provide to the Ministry shows there has been an increase over recent years in disciplinary actions taken (suspensions, standdowns, exclusions and expulsions) in response to assaults on staff. However, it is not clear to what extent this is due to an increase in assaults on staff as opposed to teachers being more likely to report assaults and therefore prompt disciplinary action, or a combination of the two.

The tables marked with an 'x' refer to fewer than five students, which have been withheld under section 9(2)(a) of the Act, to protect the privacy of natural persons. As required under section 9(1) of the Act, we have had regard to the public interest considerations favouring the release of the information withheld under section 9(2)(a). I have identified no public interest considerations sufficient to outweigh the need to protect the privacy of the individual students concerned.

The spreadsheet does not include information about the position of staff members assaulted, which I am refusing under section 18(g)(i) of the Act. The Ministry of Education does not hold this information, and there is no reason to believe that the information is held by another agency or Ministry.

Thank you again for your request. If you have any further questions on this issue, we recommend you contact the Ministry's Media Team in the first instance, at <a href="mailto:media@education.govt.nz">media@education.govt.nz</a>.

Under section 28(3), you have the right to refer this response to an Ombudsman. You can do this by emailing info@ombudsman.parliament.govt.nz.

Nāku noa, nā

Katrina Casey

Deputy Secretary

Sector Enablement and Support
