

EC12 Application for exemption from absence rule for Special and/or Health Needs

What is this form for?

This form is used to record an agreement between parents/guardians and an Early Childhood Service for an exemption to the absence rules.

- If a child is absent from an early childhood service on a day they are enrolled to attend, the Ministry of Education still pays the service a subsidy for that child to ensure they receive stable funding (this covers, for example, childhood sickness)
- The Absence Rules set limits on this funding – if a child is absent for longer than three weeks or shows a pattern of frequent absences, funding to cover their absences will cease. See the Early Childhood Funding Handbook for details about the Absence Rules.
- Children with special needs or health problems may be exempted from the absence rules. You may claim funding for absences of children whom are exempt from the Absence Rules for a longer period, provided this form (EC12) has been completed and the correct supporting documentation attached.
- This agreement must be supported by documentation, which is to be attached to the completed form. See the “Documents Attached” section for details about suitable documentation.

Who should fill in the form?

The form should be filled in by the service that is applying for the exemption, and signed by the child’s parent or guardian.

What to do with the form once it is signed?

The form and its attachments must be held on file at the service, and be made available for audit purposes.
