

Before completing this form, contact your local Ministry office so we can explain what the application process involves.

This application must be completed by a person involved in the governance of the proposed service.

This application will incur a non-refundable application fee of \$2,817.50 inclusive of GST.

The Education and Training Act 2020 introduced a two-step approval and licensing process for early learning services.

This means that from **1 February 2023**, applicants seeking a licence to operate a new Early Childhood Education and Care Service must first apply to the Minister of Education for approval before they can apply for a licence unless they are an excluded service.

The following Māori immersion services are excluded from the requirement to seek network management approval:

- ❖ A Kōhanga Reo chartered to Te Kōhanga Reo National Trust
- ❖ A standalone early childhood service teaching its curriculum through Te Reo Māori at or close to full immersion to develop high levels of Māori language proficiency and use, or
- ❖ Māori immersion early childhood services that propose to teach in Te Reo Māori for the majority of the time and are affiliated to a gazetted peak body, or
- ❖ Māori immersion early childhood services that propose to teach in Te Reo Māori for the majority of the time and will be provided by or associated with a gazetted iwi or Māori organisation

## 10. Information to Assist Applicants

### Note 1: Nominating a Service Provider Contact Person

The Education (Early Childhood Services) Regulations 2008 require a contact person to be nominated for each service for which a licence is sought, and this person’s name is displayed on the certificate of licence. The service provider is legally responsible for meeting regulatory requirements, not the contact person. However, the contact person must:

- represent the service provider;
- be able to respond to the Ministry of Education as soon as practicable on any issue relating to licensing;
- have the authority to act on behalf of the service provider; and
- reside locally.

In relation to the last bullet point, a person will generally be considered to ‘reside locally’ if they live within the geographical boundaries serviced by the local Ministry of Education office. Contact your local Ministry of Education office to discuss further if you are unsure whether the contact person would meet this requirement.

## Note 2: Completing Section 8 (Statutory Declaration)

### Who can I get to sign my statutory declaration?

- Section 9 of the Oaths and Declarations Act 1957 lists those who are authorised to take a statutory declaration.
- It is your responsibility to ensure that the person you select is authorised to witness your declaration.
- You will need to sign the statutory declaration **in front of the authorised person** you have chosen. Please be aware that after the declaration is made and signed, there must not be any alterations.
- You should check that the person notes on the form, with their signature, their full name and the capacity under which they are signing the declaration, eg Justice of the Peace, barrister of the High Court.

### Who does the statutory declaration have to cover?

When the **governance of the proposed service is made up of a group of people**, the statutory declaration needs to cover the officers of the organisation that has identified itself as the service provider. In most cases, the deed of incorporation for the legal entity will determine this. The following table outlines the most common scenarios for service providers.

If the service provider is...	Then the statutory declaration should cover ...
An incorporated society	the office holders (such as Secretary, Treasurer and President)
A trust board	the board members
A company	the company director(s)
An individual person (whether registered as a legal entity or not)	only that person
An unincorporated body	the people that identify themselves as being part of the governing body

### Is there any other matter that needs to be declared to the Secretary?

Regulation 7 of the Education (Early Childhood Services) Regulations 2008 enables the Secretary to require a statutory declaration for any other matter considered relevant. As per this regulation, the Secretary requires the applicant and those involved in the governance of the service to declare whether any governance members were previously registered with the Teaching Council of Aotearoa New Zealand, and that registration was cancelled for any reason.

### How do I get the information I need from the people covered by the statutory declaration?

As the person signing the statutory declaration, you must satisfy yourself that the information supplied is correct. How you collect this information from the other people covered by the statutory declaration is up to you and your organisation. There is a range of ways that this might be done, including:

Information gathered through your recruitment or election processes	Personal knowledge of the person
Verbal assurances	Written attestation
Seeking Police vets in relation to past convictions	Individual statutory declarations from each person covered (so that the statutory declaration to the Ministry of Education becomes a composite of individual declarations to the applicant)

### How do I decide how to respond to the statements on the statutory declaration?

- You must tick one of the options at the beginning of each statement.
- If the service provider is a group of people and an affirmative answer applies to one or more people you must answer in the affirmative on the statutory declaration.
- Most of the statements are relatively straightforward – people will know whether or not they have any convictions, adjudications of bankruptcy etc.
- The main exception will be statement (c) regarding health conditions. It is important to be clear about the difference between (1) a mental/physical condition that might prevent people from managing their role in complying with the conditions of a licence or obligations under the regulations and (2) any other condition that would not have this kind of impact. Relevant factors to consider might include, for example, health problems that require frequent hospitalisation or sick leave, or that might render a person unconscious or quickly incapacitated. Frequency and severity of those conditions might also be relevant.

### **What will the Ministry of Education do if I answer in the affirmative (ie 'have') to any of the statements on the statutory declaration?**

If you answer in the affirmative for any statements, you must attach all relevant information in relation to the matter. Answering in the affirmative to any statement does not automatically exclude the service provider from being deemed fit and proper to hold a licence. Given the range of unique circumstances that may be identified, all decisions about whether or not to grant a licence are made on a case-by-case basis at the Secretary's discretion.

### **What do I need to do if something changes – new people become part of the service provider, or people's circumstances change that make the statutory declaration incorrect?**

Regulation 35 of the Education (Early Childhood Services) Regulations 2008 requires that a service provider must notify the Ministry of Education as soon as practicable if any of the circumstances under (a) to (k) on the statutory declaration form have changed for any person who is covered by the statutory declaration. You do not need to notify the Ministry of Education every time someone new becomes part of the service provider UNLESS that person's circumstances make the information you have provided on the statutory declaration incorrect. Verbal or written advice of a change of circumstances will be accepted and a new statutory declaration will not be required. The Ministry of Education will then review the new information and decide whether the service provider continues to be fit and proper to hold a licence. Given the range of unique circumstances that may be identified, all decisions are made on a case-by-case basis at the Secretary's discretion.

**Important:** Please note that if you intend to use the statutory declaration in subsequent licence applications for other services you may own or operate, the statutory declaration **should be no older than 3 months** in order to be accepted.

### **Note 3: Evidence of compliance with the Resource Management Act 1991**

Evidence of compliance with the Resource Management Act will consist of a copy of the centre's resource consent with any attached conditions.

### **Note 4: Evidence of compliance with the Building Act 2004**

1. In the case of a newly-built (or recently renovated/converted) premises, evidence of compliance with the *Building Act 2004* generally consists of:

- a code compliance certificate (issued under section 95 of the Act),
- a compliance schedule (issued under section 100 of the Act), if the premises require it.

If your premises also requires an annual building warrant of fitness (issued under section 108 of the Act), you do not need to send in a copy of this document – it will be sighted during the licensing assessment visit.

Note that in particular circumstances, a Certificate for Public Use (issued under section 363A of the Act) or a Certificate of Acceptance (issued under section 96 of the Act) may also be considered evidence of compliance. Contact your local Ministry of Education for further details.

2. In the case of premises built prior to 1992 that have not undergone any building work or alterations, evidence of compliance with the *Building Act 2004* can be established by providing evidence of the age of the building.

### **Note 5: Site Plan and Premises Definition**

#### **Site Plan**

To aid the assessment of your application indicate any defined activity space where appropriate (i.e. where your service has designated areas/spaces for the use of children of a specific age and/or number of children).

#### **Premises Definition**

In order to be granted one licence the premises must –

- be situated on a single site; and
- be for the exclusive use of the centre or hospital-based education and care service.

If the premises comprise of 2 or more components –

- each component must be immediately adjacent and connected to at least one other component; and
- children must have safe access to each component

In this regulation –

- component means any land or building that forms the part of the premises.
- premises means the premises from which the centre will operate, or from which the hospital-based education and care service will be provided.

## **Note 6: Sole Trader Declaration**

When the Data and Statistics Act 2022 came into force, the Ministry was no longer able to calculate and then release the equity index number from the IDI for non-public organisations to input into the funding calculations. In late August 2023, Parliament passed a change to the Education and Training Act 2020 that allows the Ministry to release this data. The term used in the legislation for releasing the equity index data is disclose.

For sole traders the equity index number is considered personal information, as it is information about an identifiable person (the sole trader). Therefore, the legislation requires the Ministry to obtain consent from sole traders to disclose the equity index number relating to the services they operate.

The information (i.e., your service's equity index number) we seek to release does not contain other personal information and is calculated based on the children attending your service at a service level. The privacy of the children and families using services is protected, as data in the Integrated Data Infrastructure is governed by robust confidentiality rules and is de-identified.

The legislation also authorises the Ministry to publish the equity index number for each service, which the Ministry does for the school's equity index. While we intend to provide each service with their number once calculated, decisions have yet to be made on publishing equity index numbers. Should the Ministry decide to publish equity index numbers, we will seek your permission separately.

In the event you do not agree to the index being released or withdraw your consent in the future, the Ministry will develop a bespoke equity index number for your service. This number may not accurately reflect the current circumstances of the children attending your service, which may affect your service's entitlement to equity funding.

Your consent will remain valid for the duration of your licence to operate your early childhood service. Should there be a change in ownership of your service to someone who intends to operate as a sole trader, the Ministry will seek a separate consent from the new owner when they apply for their licence.
