Dear s 9(2)(a) OIA

180 Partnership Schools | Kura Hourua Application

Please find attached the 180 Degrees Trust application for acceptance as a Partnership School for 20 students.

We are enthusiastic about having the opportunity to provide meaningful education for a group of young people in Christchurch whose prospects for integration into our society presently look bleak.

We have an excellent track record in the area of educating and empowering disadvantaged teenagers and hope that we have presented our project to the standards required.

Please find a two minute DVD included with each of the seven bound documents. One stapled document is also included plus a memory stick containing the complete application.

Yours sincerely

s 9(2)(a) OIA
