

RELEASED UNDER THE  
OFFICIAL INFORMATION ACT

Provide as Attachment 2, an indicative staffing chart for the school. The staffing chart should identify positions to be established in 2014 as well as positions to be added in future years. This information should include proposed:

- school leadership
- teaching positions
- support staff, and
- operational staff.

Please include the nature of qualification/experience which will be expected for each group. This chart should only identify positions, not specific individuals.

The School is currently fully staffed. The existing staffing structure would provide the basis for 2014. More work will be done in this area if the Board proceeds to a formal application.
