## Targeting Priority Learners

Please complete the table below on Priority Learners in relation to the current quarter. **Note that a student can only be counted in one category even if they identify with more than one priority learner group.** When you are finished, the *Total Headcount* figure on the right should roughly balance with the *Current Roll* figure on the left.

**Māori and Pasifika:** This information would have been collected on the enrolment form for each student enrolled at your school. The information is also in ENROL. Therefore if a student is shown as Māori or Pasifika in ENROL, even if they are shown as having other ethnicities they can count towards the target (but only once).

**Students with Special Education needs:** As per your Agreement (Part 7: General, section 35), Special Education needs means students in the 'Ongoing Resource Scheme (ORS)', the 'Intensive Wrap Around Service' and 'High Needs Learning Service' provided through 'Resource Teachers Learning and Behaviour'.

**Students from low socio-economic backgrounds:** If the student has attended another state school in the previous three years, and if that school is decile 1-3, then the student can count as from a low socioeconomic background (this is restricted to three years because families may move as their circumstances change) OR identify the closest state school that is not a school of choice (integrated/section 155/156 school) to a student's address as listed on their enrolment form. If this school is a decile 1-3 school, the student can be counted as coming from a low-socio-economic background.

Percentage of Students meeting the  
Priority Learner definition:

Target:	Quarter 1	Quarter 2	Quarter 3	Quarter 4

The D/E ratio indicates how much debt a company is using to finance its assets relative to the amount of value represented in equity. A number lower than 1 indicates that the entity has taken on manageable debt levels and has a low risk, and the lower the number the less risk the entity is exposed to.
