### 1.2 Organisational Structure

Describe any changes to the organisational structure made during the last quarter and/or anticipated changes. Please provide a copy of your organisational chart labelled as an Appendix. If the organisational chart has changed since the last report, please provide an updated copy.

### Consider the following questions:

- How have you managed roles and responsibilities between Sponsor, governance and management? Have there been any challenges?
- What measures are in place to ensure effective oversight of the Board and school?

### Response:

The Pouhere has responsibility for the operation of the Kura. He coordinates and manages the teaching and learning, planning and logistics of the Kura operation. The CEO provides the broad vision and supports the implementation. The CEO and Pouhere work closely together to ensure the smooth running and development of the Kura. The Pouhere reports regularly to the CEO and provides quarterly reports for tabling to the Board. The daily operation of the Kura is led by the Pouwhakaako – Lead Teacher. She works with the Pouhere to develop and implement the learning programmes, systems and processes of the Kura.

### 2. EXECUTIVE SUMMARY FOR THE MINISTER

An executive summary is a brief overview of a report designed to give readers a quick preview of its contents. Its purpose is to consolidate the principal points of a document in one place.

### 2.1 Executive Summary

### Consider the following:

- An evaluation of your overall performance for the last quarter.
- Outlining any organisational changes which have had a significant impact on the school.
- Outlining the successes the Sponsor has had. This could relate to targets in the Performance Management Framework or other milestones regarding property, whānau engagement etc.
- Outlining any of the Minimum Requirements which the Sponsor has not met or is not meeting.
- Outlining parts of the Performance Management Framework in which the Sponsor has been successful in meeting or exceeding.
- Any significant risks or issues.

### Response:

We have made a good start to our first year as a Kura. We have 3 fulltime pouako in place and a teacher aide. We have had two visits from ERO as part of the Readiness process and have received positive feedback from them. We have advertised for another pouako to keep pace with our roll growth.

We have met all of the minimum requirements of the Agreement around serious incidents, criminal activity, operation within the requirements of the Gazette Notice, staying within our maximum roll, accepting students, school hours, percentage of registered teachers and police vetting of staff. We are currently unable to meet our minimum roll requirement as we continue to move through the process of building but are confident of getting our facilities built and meeting the required school roll by the end of the year.

We have completed baseline data testing for all of our ākonga and have built learning programmes around the results for each individual ākonga. This data has been communicated to whānau as have the learning programmes.

We have worked hard to build the culture of our Kura and engage with our whanau. We have done this by:

- Holding individual powhiri for each new akonga
- Senior ākonga attended Ngā Manu Kōrero
- Matariki celebration where we visited the Whangarei Observatory, Museum and Kiwi House
- Making sure all whānau have a whānau handbook that includes all of the procedural and systemic information such as the complaints policy
- Sending out a weekly pānui that gives an update on events and the learning that has been going on. We also have a
- Creating Facebook page to highlight kura activity and to keep whanau informed.

Overall we are happy with our progress so far and confident of successfully meeting our obligations under the agreement.

### 3. THE MINIMUM REQUIREMENTS OF THE AGREEMENT

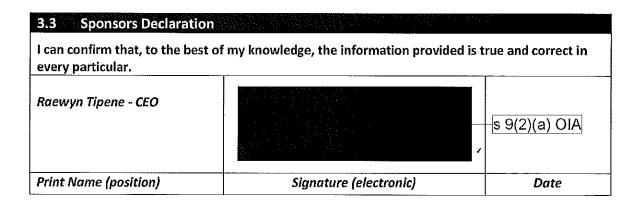

Sections 16.1 to 16.3 of the Agreement set out the Minimum Requirements which the Sponsor must comply with. Please confirm the following Minimum Requirements have been met over the last quarter.

# 4. PERFORMANCE MANAGEMENT FRAMEWORK

# 4.1. Objectives from your Agreement

Your Objectives are specific to your School and can be found in Section 1 of <u>Schedule 6: Performance Management System</u> of your Agreement. Please comment on:

- The goal(s) of each Objective.
- The measures used to assess achievement of each goal of the Objective.
- If the measures were met in the PREVIOUS quarter using either: MET, PROGRESSING TOWARDS or NOT MET.
  - If the measures were met in THIS quarter using either: MET, PROGRESSING TOWARDS or NOT MET.
- Please provide comment(s) on your performance this quarter and the focus, if any, for the next quarter.

The Objectives of your Agreement are not the Performance Standards set out in Section 2 of Schedule 6 (Student Achievement, Student Engagement, Financial Performance and Trageting Priority Learners). Please detail your progress on the Performance Standards in sections 4.2-4.5 of this template below. Note, where there is some overlap between your Objectives and the Performance Standards please complete the relevant Performance Standards please direct the reader to the appropriate section.

### 4.2 Student Achievement

### See Appendix 1: Student Achievement Results

Please complete the Student Achievement template fully to record your Schools' qualitative student achievement results.

### 4.1.1 Academic Successes

Please comment on the successes the School has had since the beginning of the year.

### Response:

With an entirely new Kura cohort we have made really good progress in identifying the gaps our akonga have in their foundation knowledge in reading, writing and maths. This has required a very specific approach to our teaching and learning and flexibility in our structure to ensure that we are best able to meet the needs of individual akonga.

### 4.1.2 Areas of particular strength

Please comment on the area(s) of particular strength which are delivering outcomes greater than intended.

### Response:

In the incorporation of te reo Māori and tikanga Māori into the curriculum and Kura life generally is a strength. We are currently offering at a higher level than what we are contracted for.

This extends to our mixed use of National Standards and Ngā Whanaketanga to ensure we are using appropriate progress/achievement measures.

### 4.1.3 Areas where opportunities exist for development

Please comment on areas where self or external identified opportunities exist for development.

### Response:

Given the results of our baseline data there are obvious opportunities in the core reading, writing and maths areas for development. Our ākonga have high needs in these areas.

### 4.1.4 Plans (if any) to address areas of improvement

Danie and a	licable, please detail any plans to address areas of improvement.
Response:

### 5. OPERATIONAL MANAGEMENT

### 5.1 Property

Please provide information on your school property. Consider the following topics in your response:

- Any work or modifications you have undertaken at the Property including renovations, site development, landscaping etc since your last quarterly report.
- How the property and teaching/learning spaces are supporting the delivery of the curriculum.
- Any health and safety issues that have been identified in regards to property. If any health and safety issues have been identified, note how these have been resolved.
- Any changes forecasted for your Property in the next 6-12 months as required (e.g. to cater for roll growth etc).
- If you have a long term property plan, how you are progressing against the goals in the plan

### Response:

During Term 2 major work began on the permanent facilities for the Kura. This is the refurbishment of two prefabricated classrooms, the building of two new classrooms and an ablution block. This construction work will take all of Term 3 to complete.

This work is part of our long term property plan and will allow for our contracted roll growth over the upcoming years.

### 5.2.1 The parents, family, whānau, iwi & community engagement plan

Please provide some information on the implementation of your parents, family, whānau, iwi and community engagement plan. Please reference your response back to specific points in your approved policy. Consider the following guiding questions in your response:

- How well does the school gather information about the needs of the parents, family, whānau, iwi and the community?
- How effectively does the school consult with parents, family, whānau, iwi and the community?
- How effectively does the school use the information gathered from parents, family, whānau, iwi and the community?
- How is the information gathered from parents, family, wh\u00e4nau, iwi and the community incorporated into school planning and decision making?
- How well does the school communicate key information to parents, family, whānau, iwi and the community?
- How effective does the school report to parents, family, wh\u00e4nau, iwi and the community?
- To what extent are parents, family, whanau, iwi and the community satisfied with the communication with, and information from the School?
- How well does the school engage with families of priority learner groups including M\(\tilde{a}\)ori, Pasifika, students from low socio economic backgrounds and students with special education needs?

### Response:

Through term 2 we have had a number of new ākonga and whānau join our Kura so a major focus has continued to be embedding whanaungatanga and manaakitanga among our ākonga and their whānau. We have also begun to implement the various parts of our Whānau Engagement Policy.

We have worked hard to ensure that our whānau are kept up to date on Kura events and activity and have the opportunity to participate. This has been done through the whanau handbook that includes all of the procedural and systemic information such as the complaints policy and a weekly pānui that gives an update on events and the learning that has been going on. We also have a Facebook page to highlight kura activity and to keep whanau informed of past and upcoming events. We have accessed and worked with the Ministry of Educations Special Education team (ORS), Ngāti Hine Hauora and the RTLB to help various whānau receive support.

We held hui whakapiki for all ākonga to report back on baseline data and related learning strategies. We also used this opportunity to consult with whānau on all areas of Kura operation. Formal written reports will be provided for all ākonga early in Term 3.

Please provide a summary of any risks identified that may affect the operation of the school.

- A **risk** is an uncertain event or condition that, if it occurs, has a positive or a negative effect on your objectives.
- The probability of a risk may range between 0 and 100%, but it can't be either 0 or 100%. Risks are usually written in the future tense.
- Note, the event has not happened yet but there is a chance it could occur.

Response	
----------	--

Negative media exposure increases the risk of not being able to attract quality staff.

### 6.2 Issues

Please provide a summary of any issues identified that are currently affecting the operation of the school.

- An issue is an event or condition that has already happened and has impacted or is currently impacting on your objectives.
- There is no uncertainty or probability aspect associated with an issue. The probability of an issue is 100%

issue is 100%.
