### Purpose of Report

### Summary

1. The Ministry and New Zealand Qualifications Authority (NZQA) have received a total of 25 applications from schools to temporarily provide education and/or assessment for the National Certificate of Educational Achievement (NCEA) to students outside New Zealand.

## Background

---

1. In response to the COVID-19 pandemic, you have temporary power under the Education and Training Act 2020 (the Act) to approve State and State Integrated schools to provide education to eligible students outside New Zealand (Schedule 1, clause 11). To be eligible, students must have been enrolled at the school for the 2020 school year on or before 3 July 2020.
2. NZQA has temporary power under the Act (Schedule 1, clause 12) to approve registered (including private) schools to provide assessment for NCEA to eligible students in accordance with their rules. Private schools do not require your approval to provide education offshore.
3. These provisions expire on 31 December, 2022.

## Criteria for offering education offshore

---

4. You have approved the following criteria for considering State and State Integrated schools' applications to provide education to students outside New Zealand (refer METIS 1240810):
  - a. Students are eligible and have a 2020 enrolment with the school on or before 3 July.
  - b. The school has the capability to provide suitable and quality distance learning and assessment to students outside NZ.
  - c. The school has the capability to provide suitable information and support for learning and wellbeing to students outside NZ.

## Overview of applications

---

5. The Ministry and NZQA have a joint application process, and as at 5 August, from 25 applications received, 23 have been approved as noted in the table below (METIS 1239346, 1246261, 1249887, 1256001 and 1265324).
6. An application from Kerikeri High School is currently with you for a decision (METIS 1266629).
7. King's College, St Cuthbert's College, St Peter's School (Cambridge) and Te Aho o Te Kura Pounamu did not require your approval to provide education offshore and were instead approved by NZQA directly.

6939	Kohia Terrace School	Recommended for approval	N/A

*\* See METIS 1266629, currently with you for a decision. NZQA has provisionally approved this school, pending your approval to deliver education offshore.*

9. A panel of Ministry officials assessed each school against the approved criteria, namely whether they have the capacity and capability to deliver education offshore. We confirmed the enrolment eligibility, the suitability of the proposed learning programmes for distance provision and the arrangements for pastoral care. The panel also sought comment from the relevant Ministry regional office.
10. We continue to seek clarity from schools where required, such as:
- Copies of signed enrolment contracts where students were not entered on the ENROL system;
  - Information about the specific consultation held with teaching staff to ensure staff had appropriate opportunities to raise concerns about delivering to students overseas;
  - How specific learning programmes, for example, catering and painting, had been adjusted to be suitable for distance provision, while ensuring authenticity of students' own work; and
  - How the provision of pastoral care would be done via distance, eg accessing guidance counsellors via Zoom, rather than face-to-face.
11. We recommend approving Kohia Terrace School to temporarily provide education to students outside New Zealand. This school has demonstrated that their students are eligible, and that they have the capacity and capability to deliver education offshore.
12. If you approve Kohia Terrace School to deliver education to the students, the Ministry will discuss the outcome with the school.

13. NZAQ approval is not required for this application, as there is no NCEA component.
14. You and NZQA previously approved 85 students to receive education and the provision of assessment for NCEA through these arrangements. By approving the above school, you will be approving one further student to receive education. These numbers are expected to fluctuate as more students return to their home countries, and others end their enrolments with New Zealand schools. The Ministry and NZQA, as appropriate, will confirm with schools the eligibility of individual students as this happens.

#### **Schools recommended for your approval**

15. Kohia Terrace School is a decile 9, full primary (Year 1 – 8) school based in Epsom, Auckland. The school has a roll of 373, with 7 international students enrolled in 2020.

#### **Next Steps**

---

16. The Ministry will notify the State school of your approval for their provision of education to eligible students outside New Zealand.
17. The Ministry will confirm with the school that the student meets the enrolment eligibility criteria.

#### **Proactive release**

---

18. It is intended that this Education Report is proactively released as per your expectation that information be released as soon as possible. Any information which may need to be withheld will be done so in line with the provisions of the Official Information Act 1982.
