| Waiuku | Waiuku College | Consultation* |

- Risks and issues:**
 The majority of the enrolment schemes and amendments in the programme continue to progress well and are classified as low risk. Currently we are looking at two risks in the Māngere bundle and one in the Howick school bundle identified in the previous week's updates. These have not changed, and the team will continue to monitor and respond.

Schemes
Programme**

Progress Update:

- We have included a new status in the stage column to indicate which school(s) are *preparing for consultation*. This is to indicate that the board and school is happy with the proposed zone and have set a date for consultation go-live, and that the Network team is working with the boards to set up notices and information packs.
- One school is at the options analysis stage and we are currently engaging with 36 schools, one school is preparing for consultation, seven are out for formal consultation, one school is at the decision stage and nine schools have been approved.

Note: Status containing an asterisk have had their status updated since the last EWU entry.

| | | Pomaria Road School | Engagement |
| | Parakai School | Parakai School* | Preparing for Consultation* |
| Waiuku | Waiuku College | Consultation | |

- The majority of the enrolment schemes and amendments in the phase 2 programme continue to progress as planned and are classified as low risk.
 - The Ōtāhuhu bundle is added as a low risk as they have requested more information to review with the board. The network team will continue to work with the school and their board.
 - As part of the consultation for Selwyn College, the ministry have received a petition which we will be including as part of the decision process.
 - We continue to monitor the risks previously identified; 2 in the Māngere bundle and 1 in the Howick school bundle. These have not changed, and the team will continue to monitor and respond accordingly.

Additional enrolment schemes

- 3 schools in Ormiston and Otara / Tangaroa have been added to the list of school zones needed to be amended this year due to the rapid growth in the area. These are not part of the 55 schools in phase 2. The school zones proposed for amendment are:
 - Ormiston Primary
 - Te Uho o te Nikau Primary
 - Chapel Downs Primary
- Neighbouring schools impacted and part of the bundle conversation are:
 - Ormiston Junior College
 - Ormiston Senior College
 - Tangaroa College
- We are working on a network analysis and a communications and stakeholder management plan

Progress Update:

- All options analysis has been completed. We are currently engaging with 37 schools, one school is preparing for consultation, six are out for formal consultation, two schools are at the decision stage, and no further schools have been approved from what was advised last week.

See the table below:

Asterisk included for schools that have updated status since the last EWU report
