

17 SEP 2018

Thank you for your email of 20 August 2018, to the Ministry of Education requesting the following information:

- *A current list of the schools that have implemented Restorative Practices, under the Positive Behaviour for Learning (PB4L) framework.*

Your request has been considered under the Official Information Act 1982 (the Act).

Restorative Practice is a relational approach to school life grounded in beliefs about equality, dignity, mana and the potential of all people.

The Positive Behaviour for Learning (PB4L) Restorative Practice model focuses on building and maintaining positive, respectful relationships across the school community and offers school staff best-practice tools and techniques to restore relationships when things go wrong. By building and maintaining positive, respectful relationships within a school, staff to staff, staff to student and student to student, issues are more easily managed.

Please find attached as appendix one a breakdown of all participating schools that have implemented restorative practices as part of the PB4L by regions from 2013 to 2017.

Further information is available at the following links:
